

WE'LL HELP YOU LOOK GOOD.

DentalHQ is a revolutionary in-house membership platform that empowers dentists to attract and retain fee-for-service patients while eliminating the hassles of dental insurance.

ADD VALUE TO YOUR EXISTING CLIENTS AT NO COST TO YOU. OR THEM.

Your goal, put simply, is to **help your client offices succeed** – whether by attracting more patients, improving retention rates, increasing efficiencies, or a combination of the three.

Our goal, put simply, is to **help you look good**. Automated dental membership plans are becoming an increasingly popular way to grow and streamline offices by eliminating the hassles and expenses of dental insurance. By adding DentalHQ to your toolbox of services, you're providing tremendous value to your offices at no cost to you...or to them.

That's why we created the DentalHQ Affiliate Program.

It's a simple program: you sign up (at no cost), we show you how you can use DentalHQ to help your offices attract and retain more fee-for-service patients, we give you the materials you need, you sign your offices up (at no cost to them), and you help them sign up members.

We collect an 11% management fee of monthly subscription costs for each member, and you get 10% of that. For every member. Forever. Quite an opportunity.

See how DentalHQ can help your offices acquire and retain more patients, and eliminate the hassles of insurance.
